Park
Burns
Holling

LOWER SCHOOL SUMMER READING

The relaxing pace of summer is a time when the enhancement of reading skills becomes possible. Enjoy reading with your child this summer.

The goal of the WCDS Lower School reading is to maintain and improve reading skills learned at school as well as to foster a love of reading outside the school environment. The most effective way to improve reading skills and fluency is to read, read, read.

Please check your child's rising teacher's blog for additional summer reading requirements. Beginning school activities will revolve around the books to be read.

Encourage your child to discover the joys of reading this summer!
